

Model YLFWD-0021 (2-pack)

1. Product Description

The Yeelight Beam RGBIC Light Bar Set YLFWD-0021 includes two smart LED light bars.

They offer dynamic RGBIC effects, stepless dimming, and various scene modes.

The light bars are suitable for background lighting for monitors, TVs, gaming setups, or as decorative accent lighting.

2. Technical data (per lamp)

- Model: YLFWD-0021
- Power supply: 24V DC via power adapter
- Power consumption: 7W per light bar
- Color temperature: RGB + White 2700-6500 K
- IP rating: IP20
- Safety class: III – Low voltage
- Dimensions (per light bar): 120 × 120 × 400 mm
- Weight: 945 g
- Connectivity: Wi-Fi / Bluetooth / App control
- Features: RGBIC, dimmable, scenes, music mode, timer
- Package contents: 2 light bars, power adapter, mounting brackets

3. Installation

⚠ Caution: When using a power adapter, always connect it while the device is unplugged.

1. Unpack the light bars and choose the desired position (vertical or horizontal).
2. Attach the brackets or mounting hardware as per the instructions.
3. Connect both light bars to the power adapter.
4. Plug in the power adapter.
5. Start the setup process using the Yeelight app and pair the light bars.

4. Operation

- Control via the Yeelight app or compatible smart home systems (Alexa, Google Assistant, Apple HomeKit).
- Turn on/off, dim, and change colors via the app.
- Multiple scenes and dynamic lighting effects available.
- Music mode: Colors react to ambient sounds.
- Multiple devices can be grouped together.

5. Safety instructions

- Use the light bars only in dry indoor environments (unless the IP rating allows otherwise).
- Do not cover the power supply or cable.
- Do not expose to liquids or damp environments.
- Do not open or attempt to repair the light bars yourself.
- Use only with the original power supply.

6. Cleaning and maintenance

- Clean only when the device is unplugged.
- Wipe with a dry, soft cloth.
- Do not use liquids or harsh cleaning agents.

7. Disposal

This product is subject to EU Directive 2012/19/EU (WEEE). Please do not dispose of it with household waste. LED strips and accessories should be taken to a local collection point for waste electrical and electronic equipment.
