

## ALLNET PoE Extender Repeater Outdoor IP67 IEEE802.3BT IN - AT Out, ALL-PR2013Ov2-30W

>>> [Al artículo de la tienda](#)

### EAN CODE

### Highlights:

- Outdoor-capable according to **IP67 (dustproof & water-protected)**
- Extension of PoE networks to **up to 300 m**
- **1x Gigabit PoE input (IEEE 802.3bt)**
- **2x Gigabit PoE output (IEEE 802.3af/at)**
- Total power up to **70 watts**
- Extended temperature range: **-20 °C to +60 °C**
- Rugged, compact design for outdoor use

### ALL-PR2013O-30W – Outdoor PoE repeater for a range of up to 300 m

The **ALL-PR2013O-30W** is the ideal solution when PoE connections need to be reliably realised over long distances. As a compact **Outdoor PoE Repeater / 2-Port PoE Switch**, it extends existing networks by up to **100 metres per device** – and thus enables ranges of up to **300 metres**.

Thanks to the active signal refresh, the data and power transmission is reprocessed in a stable manner - perfect for demanding outdoor installations without the need for an external power supply.

### Typical application scenarios

- Power supply for **IP cameras and access points** in the outdoor area
- Connection of **two IP cameras with only one supply line**
- Realisation of **emergency or IP telephones outside buildings**
- Network connections between **buildings or remote areas**

## Mode of operation

The repeater is powered via **IEEE 802.3bt (PoE++)** and outputs **PoE according to IEEE 802.3af/at** with up to **70 watts total power** at the outputs. Thanks to the active signal amplification, the classic 100 m Ethernet limit can be reliably extended.

An additional advantage: The outdoor repeater enables the connection of **two PoE end devices** via just one laid cable, so **no additional drilling or second cables are required** – ideal for clean and cost-efficient outdoor installations.

**Important: A PoE BT (802.3bt) feed is required for operation.**

## Technical details:

|                              |   |
|------------------------------|---|
| <b>Model</b>                 | ALL-PR2013O-30W   |
