Key Features

All-in-one UC Workstation

Yealink WH64 Workstation integrates hub, speaker, and LCD console functionalities with multi-device connectivity, making it ideal for various collaboration scenarios. Whether for individual work or shared spaces, it meets diverse user needs.

- HD Hands-free Speakerphone: Enables flexible meeting sharing and collaborative discussions
- Smart docking hub: Expand the PC’ s connectivity with dual USB-A ports and one USB-C port, simplify cable management, and optimize workspace
- 4-inch (480×800) capacitive touchscreen: Provides intuitive call management and smart audio experience
- Multi-device connection: Supports simultaneous USB connections to both desk phone and PC for flexible device switching

DECT & Bluetooth Wireless Technology

Yealink's WH64 headset integrates DECT and Bluetooth modes, enabling flexible signal switching without a base. Whether you're in a busy office or working remotely, this headset ensures clear and professional conversations.

Acoustic Shield Technology 2.0

WH64 incorporates Yealink's acoustic shield 2.0 technology, utilizing three built-in microphones to block

background noise and ensure clear communication automatically. This advanced feature eliminates interference from various sources, allowing effective communication in busy offices or noisy open work environments.

All-Day-Wearing Comfort

WH64 is designed to meet the highest ergonomic standards, offering optimal support and comfort for extended use. Its lightweight design and carefully selected materials provide durability and stability.

Compatible with Various Manufacturers' IP Phones and UC Platforms

The WH64 is compatible with IP phones and UC solutions from various leading brands, ensuring seamless and efficient communication. Users enjoy greater flexibility in selecting and deploying communication devices, covering a wider range of work scenarios, and optimizing the work experience.

Visual Busylight

The WH64 headset features a dual-sided busylight and the option to add an external BLT60 light, providing practicality in office settings. WH64 enables a clear understanding of your work status by displaying it with different colors, preventing unintended interruptions during work.
