

ALLNET 4duino Hochpräziser Atmosphärischerdruck Sensor

EAN CODE

ALLNET 4duino Hochpräziser Atmosphärischerdruck SensorGY-BMP280 Atmospheric Barometric Pressure Digital Sensor Module
Product Description

100% Brand New & High Quality

Enhancement of GPS navigation (e.g.time-to-first-fix improvement/dead-reckoning/slope detection)

Indoor navigation/floor detection/elevator detection

Outdoor navigation/leisure and sports applications

Weather forecast

Health care application(e.g. sirometry)

Vertical v elocity indication(e.g. risk/sink speed)

Target devices

Handsets such as mobile phones ,table PCs,GPS devices

Navigation systems

Portable health care devices

Home weather stations

Flying toys

Watches

PCB size:(L*W)1.52* 1.20cm/0.60?*0.47?

Pcakge Included:

1 x BMP280 Pressure Sensor Module High Precision Atmospheric Replace BMP180
